

## JOB POSTING : WTP SUPERINTENDENT- O&M MANAGER

In Saint John, New Brunswick, a Water Treatment Plant (WTP) is under construction in a Public Private Partnership (PPP) delivery mode.

Our company PCWS will be responsible for the Operation and Maintenance (O&M) of this WTP over a period of thirty years (2018-2048)

PCWS is looking for a Superintendent to manage the Service Contract and lead the O&M Team of the WTP.

This Manager will be responsible of a team composed of operators and maintenance technicians for the O&M of the WTP and will be the day to day representative of PCWS for the City of Saint-John.

His duties and responsibilities will include:

- Ensure drinking water at all times in quality and quantity according to the requirements of the City of St John and the applicable regulations
- Manage operating budgets
- Set up and follow the maintenance plan
- Reporting and communications

A candidate for this position shall hold a minimum Class 3 Water Treatment operator Licence ( or be eligible to write the exam for this licence) , have a minimum of 5 years of experience in the operation of a Water Treatment Plant in Canada or in the USA.

Engineering background would be an asset

Competitive salary and benefits package related to experience
