COURSE PRESENTERS:

Rick King attended Acadia University and graduated with a teaching degree in 1970. He taught in the public schools of Nova Scotia for 33 years before retiring in 2003. The last twenty years of his career were spent teaching math and science. Rick is comfortable working with mature students. He has been very well received in the past math courses that he has instructed for Water & Wastewater professionals.

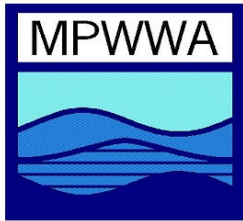

Brian Hazlett will be coordinating the course, monitoring to make sure the course is generic in nature and focused in the Water & Wastewater industry. Brian will also be adding input from his experience. Brian has 40 years professional experience in the operation and management of various distribution, collection, and treatment systems for drinking water and wastewater. Since 2006 Brian has been actively designing, developing and delivering training programs for operators throughout Atlantic Canada in his role as Senior Consultant with Accessible Water & Wastewater Solutions Ltd. (AWWS).
