

Arc Flash Training

May 7, 2020 – Stratford, PE

COURSE DESCRIPTION:

- Understanding the electrical hazards (arc flash shock)
- The responsibilities of employers and employees
- How standards and regulations apply to the worker
- Risk assessment procedures
- How to select, inspect and properly use PPE, tools and equipment
- How to perform an electrical job briefing
- What is energized work and when do I need a permit?
- Emergency planning and response to electrical incidents

Instructed by Jon Travis

Arc Flash & Electrical Safety Consultant & Trainer - Leaf Electrical Safety

2016 – Present 3 years

WHAT I DO: I help industrial clients and electrical contractors define a plan and train their employees to prevent electrical shock and arc flash incidents in the workplace.

HOW I DO IT: I provide professional electrical safety consulting services, program development, workshops and training aimed at helping you build robust safety systems for your electrical workforce.

"Jon has advocated for electrical and workplace safety through the development of corporate electrical safety programs, training of personnel in areas such as arc flash, and modeling and promotion of a safety culture." Rob Alexander, Maintenance Engineer, PotashCorp
